セイレーンの魔女Ⅳ

Seiren 4

One year ago ...
What, as if I would know.
That creepy child!
Where is Anna-sama?
Even though it'll be her mother's burial soon...
Since she was born, her father's whereabouts are unknown... and Amelia-sama was shot by someone and died, too!
Joanna was gossiping.
What do you think about the story that that girl's a witch?

The possessor of the bad luck to force people near them to death just by being there... I'm sure she's a "witch" like the legendary siren!
Shh, what if Master-sama heard you or some-thing?!

It meets your aforementioned conditions, yes, Karito?
Yes.
My own island, five kilometres off the coast of Palermo.
I don't need any intrusions about what sort of disturbances we're up to. It's surrounded by cliffs and the only route going ashore to the island is the pier on the bay.

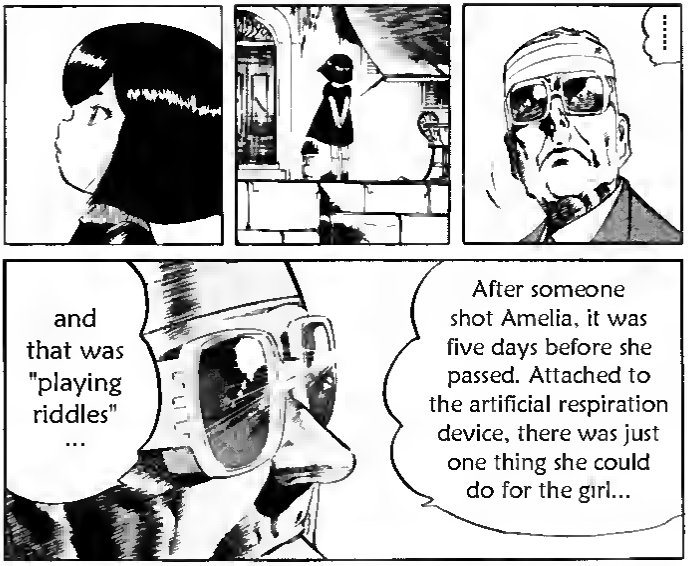
The Americans this man brought with him are professional assassination workers.
They'll come after him anywhere, as long as they absolutely don't repel him somewhere.
"Don't kill, and don't assist in murder"... that is the rule of the "protector".
This is the only man I cannot forgive...! If you could leave this to me...
The child's "riddle" game ...?
Don Madonia, could you tell me one thing?



……
After someone shot Amelia, it was five days before she passed. Attached to the artificial respiration device, there was just one thing she could do for the girl...
and that was "playing riddles" ...

Karito ... they've come.

I'll show you our "protector" fighting style!

We control the staircase that climbs the cliff.
We'll investigate the boathouse. You all go around the back.

!?
What ?!
The roof, they're above us too!
Son of a bitch! In the boat-house!

ガガガッ
Shit, in the sea!

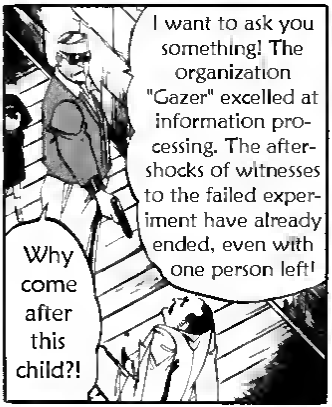
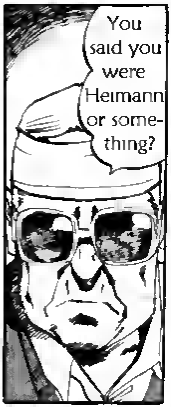
It's futile! We haven't been cornered. We were ...
ゴボボボ
lying in wait for you!

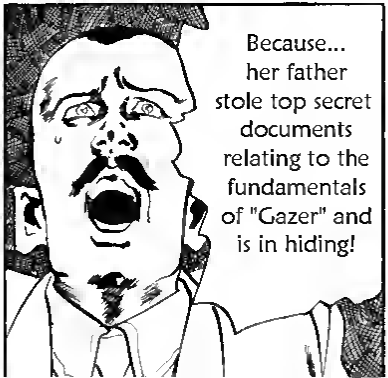


I want to ask you something! The organization "Gazer" excelled at information processing. The aftershocks of witnesses to the failed experiment have already ended, even with one person left!
Why come after this child?!



You said you were Heimann or something?

Uh... aah... pl-please help me ...



Because... her father stole top secret documents relating to the fundamentals of "Gazer" and is in hiding!

He's alive! We wanted to capture the child in order to catch him... that's why...!
We were supposed to kill him! But the corpse thought to be Doctor Kitagami... was found to be someone else with a DNA test!
Don't lie! You guys killed her father, didn't you!?
alive ...?
Papa is...
We didn't know it was your daughter at the time, for the love of God!
Because I believe you're the ones who had Amelia shot!
I see... that makes a lot of sense ...
but there's no way I can forgive you for this!

Don't stop me, Russo!
Keh...
I'd expect you to understand the rule... the person utilizing the "protector" cannot kill!

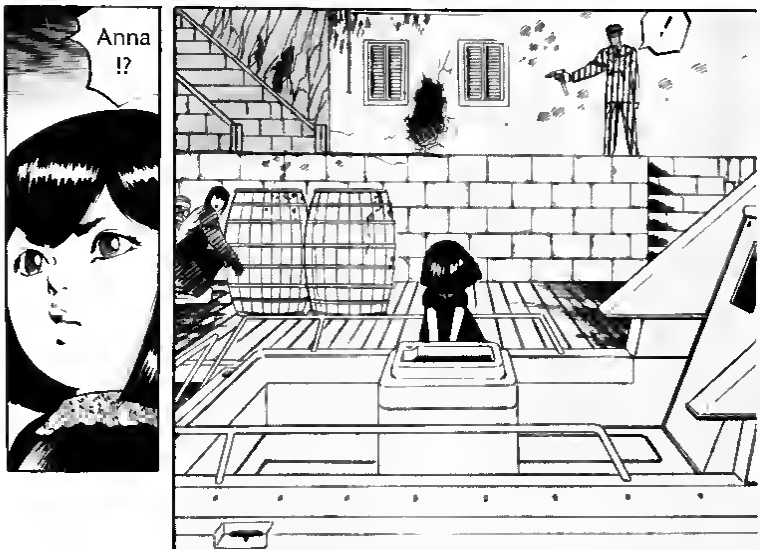
Because, when you can kill and you don't, this is what happens!
Uncle! Don Michele Madonia, you're correct!
Vino! You bas-tard ...!

ガガ゛ガガ
Come out! Men of Sicily, let's have a proper duel!
Hiding is useless; as long as I have this thing I found in your cottage's shed, even darkness is the same as broad daylight!
ガ゛
I'll accept that challenge, Vino Marchese!



Anna !?
!

This is a master-piece! You ready?! I'm shooting, really, I am!
There will only be one chance, "Protec-tor"-san.

Won't you... take Anna with you...?
Karito... Russo said... you would eventually return home to your birth-place...
TL: "aigisu"
But, for you who inherited the spirit of "aegis"... for you who came from the same country as her father...!
I can't protect this child as I am.

Your eyes can't see me, but I'm right in front of you. When you touch me with your hand I turn into something else, and you absolutely cannot catch me; what am I?

You said it was a riddle with no answer, but I believe it has one.
Mama's last "riddle".
It was ...
Believing that, I live within the darkness.
Either "a dream" or "the future"... no matter what deep darkness, sooner or later, it will clear.
Mama ... Mama ...!
But, before I guessed the solution... before Mama could tell me the right answer...

Shall we...
go look for the answer together ...
